MIRAGEDRIVE 180 A FORCE OF NATURE

In 1996 Hobie revolutionized kayaking forever.
Experience 20 years of innovation perfected.

Like all MirageDrives from the very first, the bioengineered MirageDrive 180 - inspired by nature - is a wonder. Under power, its efficiency is unmatched. When at rest, the fins are streamlined, producing excellent glide.

Weighing in at under eight pounds, the MirageDrive 180 produces full power in both directions and offers unprecedented maneuverability. The user can pull one of two shifter cables to pivot the fins 180 degrees, almost instantly from forward to reverse and back again. The dual fins provide shallow water access and easy shore landings by simply pushing one pedal forward.

Hands-free propulsion in any direction means better control. Back away from shore or a dock, or back a fish from cover. Snap pictures without ever stopping.

The MirageDrive 180 is featured on the Mirage Sport, Mirage Outback, Mirage Revolution® Series, Mirage Oasis®, Mirage Outfitter, Mirage Pro Angler Series, Mirage Island Series and Mirage Inflatable Series kayaks.

THE DESIGN ADVANTAGE

Revolutionary 180 Shifters

Spin the fins from forward to reverse in a moment. Uniquely, the MirageDrive 180 produces full power forward or reverse. Back off the beach or away from a dock, pull fish out of cover, and hold position in current.

Hands-Free Propulsion

Keep your fishing rod, camera, binoculars or cold drink where it should be – in your hands.

Navigate Shallow Water

Using partial pedal strokes. The fins fold up under the hull for beaching.

Glide Technology

Delrin roller bearings at key friction points reduce resistance for a smooth and efficient ride.

The Click and Go System

Allows near effortless MirageDrive removal for cleaning or storage.

Easy Maintenance

A quick rinse with fresh water when you're done for the day and an occasional spray with silicon lubricant is all it takes.

Height Adjustable

New for 2018 ARC cranks adjust with the push of a button to accommodate users from child size to tall adults.

VANTAGE SEATING

Vantage XT

4 WAY
ADJUSTABILITY

Hobie Vantage seats offer unparalleled adjustability for the utmost in comfort, a drier ride, and longer days on the water.

Vantage ST and XT Seats

The Vantage ST is equipped on the Hobie Mirage Pro Angler 12 and 14; the XT on the Pro Angler 17T.

Alter the seat back angle and seat back recline using integrated barrel adjusters.

The seat bottom folds up and out of the way for additional standing room.

For extra visibility, raise the seat five inches into the Vantage position.

All Vantage seats remove easily for use on shore.

The Mirage Pro Angler 17T is so stable, Hobie made the XT seat three inches taller than the ST.

Vantage ST

Vantage CT

Vantage CT and CTi Seats

The CT (rigid hulls) and CTi (inflatable kayaks) are equipped on the remaining MirageDrive 180 kayaks, plus the Quest 11 and 13.

Pull the lever to adjust seat back recline.

The height of the forward edge of the seat bottom is infinitely adjustable within a 3-inch range.

Deploy the kick stand for a higher Vantage point.

Four folding legs allow you to take the comfort on shore.

MIRAGE REVOLUTION SERIES

Lightning Fast

Sleek and stealthy, each of the "Revo" family is lightning fast off the line. The 11 is performance in a tidy package, easy to transport and store. The larger 13 is a quick, seaworthy and efficient design that hits the sweet spot for stability minus any slowdown. The 16 is quickest of them all, with a long, lean hull that's low on drag and big on speed. MIRAGE TANDEMS

Mirage Oasis

The Oasis is stretched-out and spacious, the more performance-oriented of Hobie's pair of tandems powered by the efficient, easy-to-use MirageDrive 180. So speedy yet boasting a robust carrying capacity suitable for a weekend camping trip or fishing with enough gear to stock a tackle shop—there are four convenient hatches and a generous on-deck storage area, as well as molded-in rod holders. The Oasis gets the job done in style and comfort.

Mirage Outfitter

Adventures are better with company. The Outfitter is ideal for couples and families. Dual helm control means either of you can steer this wide, stable hull. Or go solo. The Outfitter is the more compact of Hobie's pair of rotomolded polyethylene tandems, a little easier to store than its larger sibling. Room for two doesn't mean sacrificing storage: utility trays, a trio of Twist and Seal hatches, and a large rear storage area provide plenty of room.

The larger 'PA' 14 offers extreme fishing utility, with scads of (that's six) horizontal rod lockers, and enough tackle compartments to empty a store. The 17T has room to bring a fishing buddy. All three boast large non-skid deck pads for standing, a huge advantage for sight fishing. The 'PAs' offer a retractable skeg for improved course-keeping, as well as innovative H-Rail for superior flexibility in accessory rigging. The 'PA' 12 and 14 are now available in distinctive Camo, with custom deck pads.

"Kayak fishing is a huge part of my fishing life. When I'm not competing, I'm still a huge fish head. During my down time, I keep fishing - for any freshwater or saltwater species. When I'm fishing for fun, I love to access remote places that I otherwise can't get to."

LANAI

The Hobie Lanai glides smoothly and efficiently, despite its compact size. A clever, rotomolded polyethylene hull maximizes stability while minimizing drag, and the boat's clean deck layout emphasizes paddling bliss while stripping all unnecessary clutter. The Lanai's 9-foot bow-to-stern length is ideal for shorter paddlers but it also accommodates taller kayakers thanks to its molded foot braces. And at only 46 pounds, the Lanai is easy to car-top, trailer or even walk to the beach.

QUEST SERIES

The Quest Series is Hobie's performance paddling line, now outfitted with supremely comfortable and adjustable Vantage CT seating. The mid-sized Quest 11 is at home on a lake, bay or flat. The Quest 13 is Hobie's swiftest solo paddle kayak, with a sleek, swell-eating stride. It has the sea legs for light touring, and excels for fishing. An optional Twist and Stow rudder with foot steering control keeps the bow pointed in the right direction.

KONA & ODYSSEY

The Hobie Kona is a classic crossover paddle kayak. In two-person configuration, it provides a stable ride and snappy, spin-in-a-second performance; when paddling alone, the boat's molded center seat keeps the boat well-trimmed and responsive. The Odyssey is Hobie's ultimate two-person paddling kayak, one with plenty of get up and go. While it carries a trim width relative to its sleek, 14-foot waterline, the Odyssey's cleverly designed rotomolded polyethylene hull provides ample stability for casting, catching or getting a novice out on the water. The center seat ensures proper balance for solo outings.
